

NORTH AMERICAN NUMBERING PLAN PLANNING LETTER

Number: PL-NANP-121
Date: April 21, 1998
From: R. C. Breidenbaugh - NANP Administration
202 756-5779; E-mail : rose.breidenbaugh@nanpa.com
Subject: NANP Split of 813 (Florida) Numbering Plan Area (NPA) ;
This supersedes PL-NANP-109 that advised of an 813 NPA Overlay.

We have been advised by GTE Florida that substantial telephone number growth in Tampa, Florida necessitates the activation of an additional NPA to serve this area. This relief plan is approved by the Florida Public Service Commission and supersedes the overlay plan the telecommunications industry had approved in January as delineated in PL-NANP-109. NANPA has assigned the 727 NPA code to Florida for this purpose.

Florida NPA 813 will be split into two geographic areas, with NPA 813 in Hillsborough and East Pasco Counties, and NPA 727 in Pinellas and West Pasco Counties. GTE Florida has indicated that the permissive dialing period will begin July 1, 1998, with mandatory dialing occurring on February 1, 1999.

The attached [map](#) illustrates the 813 and 727 NPA configuration after the geographic split. Also attached are [listings](#) of the rate centers and exchange names associated with the 813 and 727 NPA split.

After the beginning of mandatory 10-digit dialing on February 1, 1999, the dialing plan for the 813 and 727 NPAs will be as follows:

- All home NPA (HNPA) local calls, Extended Area Service (EAS) calls and Extended Calling Service (ECS) calls, i.e., calls that generally incur an extra charge will be dialed on a 7-digit basis without a prefix, i.e., NXX + XXXX (7 digits).
- All Foreign NPA (FNPA) local calls, Extended Area Service (EAS) calls and Extended Calling Service (ECS) calls will be dialed on a 10-digit basis, i.e., NPA + NXX + XXXX.
- All toll calls will be dialed with a "1" prefix and 10-digits, i.e. 1+ NPA + NXX + XXXX.
- All operator-assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX.

All international and domestic carriers are asked to ensure that the new 727 NPA has been activated throughout their networks prior to February 1, 1999. Test calls to verify routing to the 727 NPA can be made by dialing the following test number, effective July 1, 1998: 727-868-9990. Calls successfully completed to the test number will receive a recorded announcement. The test number will be discontinued after February 1, 1999.

Questions concerning the implementation of the split may be directed to S. J. (Skip) Gancarz, GTE Florida, at 813-483-2033 or by fax at 813-228-8733.

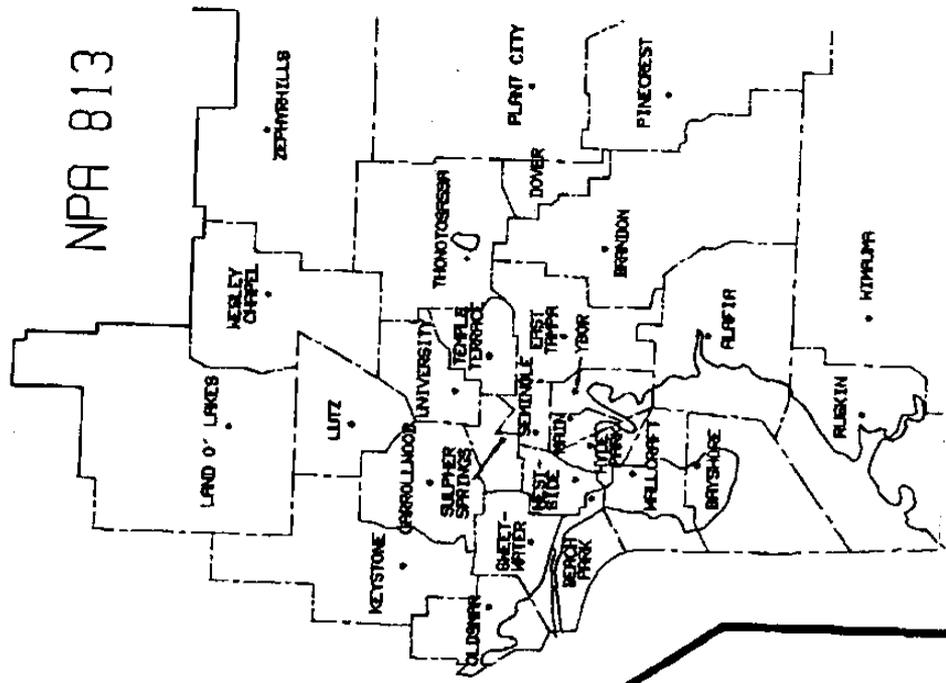

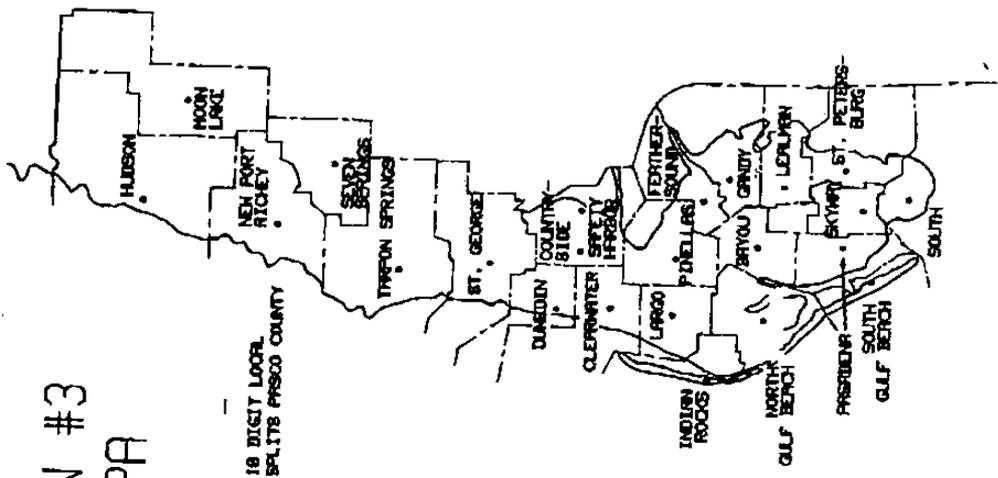

Questions concerning the contents of this letter may be referred to Rose Breidenbaugh, at 202-756-5779.
